

## MOE3020 Legal Syllogisms and the General Part of Civil Law Systems (6 ECTS)

*Thomas Hoffmann*

### Learning outcomees:

By the end of the course the student:

- explains the general part of European private law systems, including major EU policy developments in this area;
- identifies the basic tools and instruments of private law and works with them;
- analyses cases and drafts legal opinions.

### ASSESSMENT METHOD

### ASSESSMENT CRITERIA

<b>Three homeworks</b>	Submission of all written homeworks on moodle.  Grading of the homework is non-differentiated (i.e. pass/non-pass: submitted homeworks = 30 %). „Not passed“ means in this context that the homework was not performed with those efforts expected for a task replacing a class session. In this case, the student will be notified, and he or she has the chance to submit the solution to a non-written homework instead.
<b>Final written test</b>	The final test will consist of the task to draft a legal opinion on a case, applying legal skills taught prior in class.  The main task of the test is to show that the student <ol style="list-style-type: none"><li>a) Has aquired basic knowldege of general part issues law in European civil law systems and</li><li>b) can apply and formulate the respective legal regulations of that situation in a logical and consistent manner.</li></ol> Evaluation criteria are as follows:  A (5) – excellent – outstanding and particularly profound achievement of learning outcomes, along with creativity and consummate proficiency in applying skills and knowledge, B (4) – very good – very good achievement of learning outcomes, along with proficiency in applying skills and knowledge in a targeted and creative manner.
