

Assessment criteria

Assessment criteria:

Student has acquired all learning outcomes in significant extent.

Internship assessment is (pass/fail) assessment: P (pass) or F (fail).

Prerequisites for passing internship are:

- Internship place: specialized professional position.
- Length of the internship has to be in accordance with credit points.
- The combined instructor evaluation is at minimum at “satisfactory” level.
- Relevant and correct documentation presented, including internship report along with instructors’ evaluation.
- Presentation with internship results presented at the seminar.

All prerequisites are relevant. If at least one of prerequisites is missing, the assessment result is F (fail).
