

ASSESSMENT METHOD	ASSESSMENT CRITERIA ICM0008 Software Engineering
Homework	<p><i>Students have to present a group work as their homework.</i></p> <ul style="list-style-type: none"> • Successful defence of the group work is the prerequisite (pass) to the exam. • Group work will be graded from 0 to 30 points that will be added to the points of the exam work. • If the group work grade is less than 15 points, there will be no pass to the exam work (negative group work grade). The group work grade is a part of the final grade.
Exam work as multiple choice quiz	<ul style="list-style-type: none"> • For the exam work every student will get 14 multiple choice questions covering all important topics of the course. • The quiz should be taken in the university rooms. • In the exam all not living materials could be used, including the computer. • All questions will be graded either 0 or 5 points. The exam-work/test total is from 0 to 70 points. If the result of the exam-work/test is less than 35 points the exam quiz is unsuccessful and the exam total result is “0”. • Exam time is 15 minutes. • The positive group work grade will be added to the exam work/test grade. • If the exam quiz ≥ 35 points, group work ≥ 15 points then the exam-work/quiz and the group will be totalled, and the whole student’s exam will be finally graded as follows: „0” – below 51 points; „1” – 51 to 60 points; „2” – 61 to 70 points; „3” – 71 to 80 points; „4” – 81 to 90 points; „5” – 91 and more points.
PREREQUISITES FOR FINAL GRADING	Positive group work grade (15 to 30 points).
FINAL GRADE COMPONENTS	Exam work/quiz 70%, group work 39%.
